

## Olight ION Light

The Olight ION is a brand-new flashlight design in limited edition titanium to commemorate Olight's 10-year anniversary.

This flashlight has a rectangular structure including a titanium alloy frame, gorilla glass front and back, and two TIR optic lens that run parallel delivering a balanced output of 1~320 lumens.

There are pressure sensors in the "+" and "-" areas which allow the user to select either preset brightness levels or a gradual custom brightness setting.

The ION has a built-in rechargeable LiPo battery that can be charged through the Micro-USB port located on the side of the flashlight.

The ION also includes a metal ring on its tail which can be connected to a key ring for simple and convenient carry.

The limited-edition titanium Olight Ion is the perfect gift this holiday season with its custom brightness level settings and premium look and feel.
