

Olight X6 Marauder 5000 Lumen Rechargeable LED Searchlight

Olight's Most Powerful Light

Monster LED Search Light

Olight's entrance in to the search and rescue department is not one to be taken lightly. The X6 Marauder is a monster of a search light, literally turning night into day. This beast packs a skin melting **5000 lumens** emitting from six LED's. Olight engineers employed their years of experience designing high performance lights to ensure this device would not only produce high output, but withstand the wear and tear, and punishment a true rescue light is sure to endure. Ideal for hunters, outdoor adventurers, and search and rescue parties, this light redefines its class.

Lighting Technology

Six Advanced CREE XM-L LED's

Packing six CREE XM-L LED's, the X6 just might be able signal in your favorite superhero. Just to get an idea of how bright this light actually is, the X6 is equivalent to lighting 102,400 candles! The precision crafted lens and reflectors project light up to 700 yards, which is an amazing seven football fields. It has three brightness levels and a stunning strobe

Olight X6 Marauder 5000 Lumen Rechargeable LED Searchlight

mode, controlled by a button on the handle. Adding to the X6's versatility, a standard tripod can be mounted on the bottom of the light means this device can be set up for area lighting in a workshop, campsite, or photo shoot.

Rechargeable

5200 mAh Battery Pack

A split-battery design features a built-in high capacity rechargeable lithium battery attached remotely to the main body to integrate the high demands of heat dissipation while maintaining low weight for the main body. This makes extended use comfortable and safe for the user. The X6 works directly with 110V and 220V AC electric supply. Terminal Control Mode allows you to power the X6 by a car battery or other 12V power source. Advanced cooling fins and a high-efficiency synchronous step-down constant current driver circuit keep the light from overheating so you can trust this gear to work every time for as long as you need it.

Features:

- Multi-function click thumb switch selects modes with an optional remote switching mode
- Tough ultra-clear mineral glass with anti-reflective coating
- Rechargeable Lithium battery pack with belt clip, power switch, and charging indicator
- Works directly with 110V and 220V AC electric supply
- Split-battery design allows a perfect weight distribution and heat dissipation
- Power indicator, which displays green, yellow, and red for voltage
- Large fins and Active Thermal Management to prevent overheating and rubber blocks to protect user from hot parts
- Aluminum alloy 6N01-T6 with Type-III hard anodizing and Bayer ABS Plastic (20% carbon fiber)
- IPX-6 water resistance rating - light can withstand water projected at high speeds from all angles without harm
- Included Accessories: 5200 mAh lithium battery pack, AC charger, power cord, shoulder strap, lanyard rings, and manual

Specifications:

- LED: 6x CREE XM-L (T6)
- Runs on: 5200 mAh lithium battery pack (Battery included)
- Output mode/Runtime:
 - High: 5000 lumens / 1.25hrs
 - Mid: 1200 lumens / 4.5hrs
 - Low: 150 lumens / 30hrs
- Peak Beam Intensity: 102,400cd
- Dimensions:
 - Length: 6.5" (165mm)
 - Diameter: 4.72" (120mm)
- Weight: 37.5 .oz (1065g) (excluding batteries)
